OUR PROGRAMS

SILVERTON ADVENTURES

THEMED CAMPS

This summer at the Silver Falls YMCA, campers age 7-12 can enjoy a variety of themed weeks, packed with adventure and creativity! Each week, there is a different summer camp available, that each has a different theme! From STEM explorations and arts and crafts, to fairytales, detective mysteries, nature adventures, and Hollywood inspired fun-with activities designed to inspire imagination, teamwork, and confidence.

SPORTS CAMPS

In addition to the themed summer camps, there are also weekly offerings for sports camps. These give the chance for campers to stay active, learn new skills, and play games in a different sport focus each week! Campers will move between the community park, local sports fields, pool, and our new YMCA building, exploring, creating, and having fun in a safe and engaging environment. Every day is an opportunity to make friends, try new things, and enjoy an unforgettable summer of learning, adventure, and play!

LEADERS-IN-TRAINING (L.I.T.)

Silver Falls L.I.T. program is a lower-cost chance for teens who are ready for additional challenges to learn leadership skills in a positive environment, and take on more opportunities for growth in their camp community. This is for children 13-14 years old.

PROGRAM INFORMATION

The emphasis is on fun, healthy activities that build community and provide for an amazing summer experience. Activities such as swimming, arts & crafts, themed activities, and recreational games are built into their summer fun.

Required Registration Forms & Waivers

All registrants must complete the registration agreement, waivers and medical information (ePact) online, and are required before youth will be allowed to participate.

Special Registration Deadlines

Registration for the summer camps will open April 3rd, and close the Wednesday before the camp is supposed to begin.

Camp T-Shirt

Every camper will receive one camp t-shirt per summer, regardless of the number of camp sessions they attend.

Weather Considerations

The majority of our activities (besides what is done in at The Y Building, take place outdoors. Because we cannot depend upon nature to be completely cooperative, alternative programming may be necessary when weather conditions become unsafe, uncomfortable or too unpredictable.

Safety & Behavior

Silver Falls staff make every effort to maintain a safe and enjoyable program for all. Participants are expected to follow basic rules for safety and respect, similar to a school setting. Parents/guardians will be informed of these procedures and guidelines, as well as discipline details in the Parent/Guardian Handbook and are expected to support the policies and procedures of the program and staff. Appropriate measures will be taken to redirect and improve behaviors, with collaboration from guardians when necessary. Tips or information in advance to help prevent and/or address specific needs for your child are encouraged. Behaviors or incidents of an ongoing, unsafe, serious and/or threatening nature may be cause for removal without refund or credit.

ABOUT OUR STAFF

The people who work at Silverton Day Camp are our biggest asset. Their special interest in recreation, education and youth development, and their enthusiasm for active learning makes all programs a fun experience.

Camp Leadership

Each summer an experienced Leadership Team is employed to run our programs. This group of individuals have experience at working with youth, at camp and beyond. Together they oversee the daily operations and ensure a fun and high quality experience for all.

How the Staff are Chosen

Staff are chosen based on their previous experiences with youth, with preference given to those with a background in education, recreation, or child development. Many staff have prior experience at other summer camps or in a school setting.

Staff Training

All staff are CPR and Standard First Aid certified, have passed a background check, and have participated in extensive orientation and training programs. These initiatives emphasize safety and provide tools and resources for addressing common situations that may arise.
